

History of Baekje Cultural Festival

The Baekje Cultural Festival, which began in Buyeo in 1955, is the premier historical and cultural event in Korea to inherit and advertise the splendid history and culture of Baekje. The Baekje Cultural Festival began when local leaders in the Buyeo region came together to organize the "Baekje Grand Rite" honoring the soul and spirit of Baekje. Festival tradition and legitimacy have been inherited every year thereafter. The Baekje Cultural Festival, now in its 71st year, is put focuses on reevaluating the heritage which Baekje, the center of the ancient East Asian civilization, left while spreading its culture to neighboring countries and on expanding Baekje culture as the "Root of Hallyu" at home and abroad. The Baekje Cultural Festival in which the descendants of Baekje and visitors are in harmony with the background of the Baekje Historic Areas registered as UNESCO World Heritage is developing as the world festival connecting history with culture that connects history and culture.
